## सलग १४ तास अध्ययनातून मानवंदना

म. टा. वृत्तसेवा, देवळाली कॅम्प

डॉ. बाबासाहेब आंबेडकर यांना जयंतीनिमित्त शाळेय विद्यार्थी सलग १४ तास अध्ययन करीत अभिवादन करणार आहेत. येथील शिक्षण मंडळ भगूर संचालित महाविद्यालयात या उपक्रमाचे आयोजन करण्यात आले आहे. या उपक्रमात विद्यार्थ्यांनी सहभागी व्हावे, असे आवाहन प्रा. व्ही. आर. बगवत यांनी केले.

आपण महापुरुषांना एका विशिष्ट समाजाच्या चौकटीत न बघता व्यापक स्वरूपात बघून त्यांचे योगदान लक्षात

घेणे गरजेचे आहे, असे प्राचार्य एस. डी. महाले यांनी नमूद केले. प्रा. राहुल निर्मळ सूत्रसंचालन केले. प्रा. रोहिणी जगताप यांनी प्रास्ताविक केले. प्रा. प्राजक्ता जोशी यांनी आभार मानले. यावेळी प्रा. भरत सपकाले, प्रा. बेबी सांगळे यांच्यासह प्राध्यापक व विद्यार्थी उपस्थित होते. प्रा. मृत्युंजय कामसे यांनी संविधान प्रास्ताविक वाचन केल्यानंतर

कार्यक्रमाची सांगता झाली.

## Objectives of Programme:

1. To remember the sacrifice of the martyrs who passed away for the country in the freedom movement & the succeeding wars for the protection of the sovereignty of their nation.
2. To know the country's transition into becoming a sovereign republic.

## Preamble:

Republic Day has been celebrated every year in India on January 26, since 1950 to honour the date on which the Constitution of India came into effect. India was a colony of the British for over 200 years and became independent from the rule of the British Raj following the Indian independence movement. While India became independent on August 14, 1947, it still didn't have a permanent constitution, and Indian laws were based on a modified version of the British established, Government of India Act 1935.

However, two weeks later on 29 August 1947, a Drafting Committee was appointed for the drafting of a permanent Indian Constitution, with Dr B R Ambedkar as chairman. After a lot of hard work, the Constitution was finally drafted, and January 26 was chosen as the day to declare India as the Sovereign Republic. The significance of January 26 is that on that day in 1929, the Indian National Congress made the well known Declaration of Indian Independence (Purna Swaraj) as opposed to British rule.

And though the Constitution came into force in 1950 with a democratic government system, it was adopted by the Indian Constituent Assembly on 26 November 1949. This completed the country's transition into becoming a sovereign republic.

Objectives of Programme:

1. To remember the sacrifice of the martyrs who passed away for the country in the freedom movement & the succeeding wars for the protection of the sovereignty of their nation.
2. To know the country's transition into becoming a sovereign republic.

Preamble:

Republic Day has been celebrated every year in India on January 26, since 1950 to honour the date on which the Constitution of India came into effect. India was a colony of the British for over 200 years and became independent from the rule of the British Raj following the Indian independence movement. While India became independent on August 14, 1947, it still didn't have a permanent constitution, and Indian laws were based on a modified version of the British established, Government of India Act 1935.

However, two weeks later on 29 August 1947, a Drafting Committee was appointed for the drafting of a permanent Indian Constitution, with Dr B R Ambedkar as chairman. After a lot of hard work, the Constitution was finally drafted, and January 26 was chosen as the day to declare India as the Sovereign Republic. The significance of January 26 is that on that day in 1929, the Indian National Congress made the well known Declaration of Indian Independence (Purna Swaraj) as opposed to British rule. And though the Constitution came into force in 1950 with a democratic government system, it was adopted by the Indian Constituent Assembly on 26 November 1949. This completed the country's transition into becoming a sovereign republic.

Chandrashekhara Venkata Raman was a physicist from Tamil Nadu. His work in the field of light scattering earned him Nobel Prize for Physics in 1930 and he was the first Asian person to receive a Nobel Prize in any branch of science. This phenomenon was known as Raman effect. In 1954, he was honoured with India's highest civilian award, the Bharat Ratna. Raman retired from the Indian Institute of Science in 1948 and established the Raman Research Institute in Bangalore a year later. He served as its director and remained active there until his death in 1970.

In 1986, the National Council for Science and Technology Communication (NCSTC) asked the Government of India to designate February 28 as National Science Day. The event is now celebrated all over India across schools, colleges, universities and other academic, scientific, technical, medical and research institutions.
